About The Artist, Priscilla Hillman

The imaginative artist behind the creation of the **Cherished Teddies®** collection, Priscilla Hillman, discovered her unique creative talents when she was just a little girl. Countless hours spent drawing at the kitchen table, surrounded by papers and crayons with her twin sister, Greta; along with many other *Cherished* childhood memories — such as rooting through their aunt and uncle's attic looking for special antique treasures, or afternoons spent playing in the family garden — all have provided artistic inspiration over the years.

Although it was obvious that Priscilla had many creative talents, she wouldn't pursue an artist's life for quite some time. In fact, she chose to attend the University of Rhode Island to study botany.

After she graduated, Priscilla joined the US Oceanographic Service where she worked as a marine biologist, but soon realised her first love was art.

In the mid-1980s, Priscilla went to work as an illustrator of children's books. It was then that the most beloved **Teddie** bear collection in the world, started to take form. During a convalescence from a serious back problem, she occupied her active imagination by 'drawing images in her mind' of adorable, well-worn bears any grandmother might have in her attic. When she recovered Priscilla began sketching and painting. It is these sketches — inspired by Priscilla's endearing childhood memories — which were to become the charming and richly designed **Cherished Teddies®** collection that has touched the hearts of young and old alike.

In 1990, Priscilla submitted thirty-six oil paintings to Enesco who went on to

transform her images into three-dimensional figurines and in 1992, these delightful sketches — complete with tattered paws, tiny black eyes, and irresistible 'take-me-home' expressions — finally became the **Cherished Teddies®** collection, one of the most popular collectable teddy bear collections ever.

Priscilla is a collector of baby mementoes and antiques with a strong understanding of the enthusiasm and overwhelming desire at the heart of collecting. She is married and lives in New England with her husband Norman and son Glenn.

Today, each bear starts life in the minds of Priscilla Hillman and her son Glenn, who both

lovingly illustrate each **Teddie**, creating its own personality and charm. Most of the pieces in the collection are designed jointly, with both mother and son adding insight and creativity to each design. Their final drawings are sent overseas to the *Cherished Teddies* sculptors, who follow all of the size and colour specifications indicated on the original artboards.

Glenn, raised in New York State, began working with his mother designing *Cherished Teddies* figurines as soon as he graduated from Vassar College with a degree in Architectural History.

From such humble beginnings the *Cherished Teddies* collection and indeed, Priscilla and Glenn, have received numerous awards and gone on to attract worldwide acclaim. Each adorable figurine comes with a Certificate of Adoption, fulfilling Priscilla's hopes that her **Teddie Bears** find a special home with you. Furthermore, each and every figurine is given a name, chosen by Priscilla herself, along with an individual title or sentiment — making them even more special and the perfect choice for sharing with your *Cherished* loved ones.

Collectors' Club 2005

The Club **Teddies** are preparing to embrace the grrreat outdoors with this year's camping theme. As you can see they will be enjoying all manner of fun activities, so make sure you collect them, one and all, to be sure to join in the fun that'll last all year long!

If you are not already a Membear of *The Cherished Teddies Club*, then why not join today? Ask your retailer, or contact the Club (contact details are on the back cover of this catalogue) for further details.

Here's what's on offer this year...
