The Beginning

Cherished Teddies have been captivating collectors and gift-givers since they were first introduced nineteen years ago!

These adorable **Teddies** were the brainchild of American artist and illustrator, Priscilla Hillman, who first came up with the idea whilst convalescing from an illness. Today her son, Glenn, works alongside her and together they come up with every new idea for each new figurine.

Priscilla and Glenn create meticulous artwork for every design including colours, size and, for the perfect finishing touch, give every figurine its special name and ever-so-appropriate (and oh-so-irresistible) title sentiment.

Their original designs are then magically brought to life in three-dimensional form by a wonderful team of highly-skilled sculptors and each and every bear then undergoes numerous painstaking processes before finally being painted.

Each **Teddie** has its own individual personality and charm, and it is this attention to detail, plus the humorous wit and fun that is attached to them that has firmly established **Cherished Teddies** as a favourite for both collectors and gift givers alike.

Going from strength to strength, the award-winning **Cherished Teddies** Collection has grown to include ornaments, plush and decorative accessories over the years. New **Cherished Teddies** are introduced annually as well as some old favourites being retired to keep the collection fresh whilst still offering a wide range of subjects and choice.

If it's a gift you're looking for, look no further! There are seasonal, annual, limited edition, European-exclusive, Club-exclusive, and Event-exclusive figurines available — plus much more to tempt you in this latest offering.

So, whatever the occasion, give a gift you know will be cherished forevermore — after all, what better way to say you care, than with a **Cherished Teddies** bear?
