THE TRAIL OF
PAINTED PONIES

flourish

Cherished Teddies

These adorable Teddies were the brainchild of American artist and illustrator, Priscilla Hillman, who first came up with the idea whilst convalescing from an illness. Today her son, Glenn, works alongside her and together they come up with every new idea for each new figurine. They create meticulous artwork for every design including colours, size and, for the perfect finishing touch, give every figurine its special name and ever-so-appropriate (and oh-so-irresistible) title sentiment.
